23 October 2025

The first online meeting of the Erasmus+ KA210-VET "Innovation in Agriculture (In_Agriculture)" project was successfully held with the participation of all partner institutions.

During the meeting, partners introduced their organizations, reviewed project aims and key outputs, and discussed Erasmus+ priorities such as sustainability, digital transformation, and inclusion.

'Project Management' Package and the requirements were presented and summarized by the coordinator, Cukurova District Directorate of Agriculture and Forestry

Partners also planned the first face-to-face meeting, shared initial logo proposals, and agreed on upcoming tasks and deadlines.
