INNOVATION IN AGRICULTURE

GREECE FINAL MEETING, EVIA/GREECE

Edition 3

24 - 28 August 2026

>>> PROJECT FINAL MEETING SUCCESSFULLY HELD IN GREECE

The third face-to-face international meeting of the IN_AGRICULTURE - Innovation in Agriculture project, implemented under the Erasmus+ Programme and coordinated by Çukurova District Directorate of Agriculture and Forestry, was held in the Evia region of Greece from 24 to 28 August 2026.

Bringing together project partners from Türkiye, Greece and Portugal, the meeting focused on promoting innovative and sustainable agricultural practices, supporting digital transformation in agriculture, and strengthening international cooperation in agricultural education

REVIEW THE PROJECT ACTIVITIES

During the meeting, project partners evaluated the activities carried out to date and exchanged information on the overall progress of the project, training activities, and the current status of the digital platforms developed within the project. Discussions also covered the activities planned for the remaining project period, reporting processes, and dissemination efforts

FIELD VISITS

- As part of the programme, field visits and study visits were organised to explore agricultural production practices in Greece. These visits provided opportunities for project partners to exchange knowledge and experience and to share good practices in sustainable agriculture and innovative production methods.

NEXT STEPS DEFINED AND CERTIFICATES PRESENTED

At the end of the meeting, the partners discussed common approaches to ensuring the successful completion of the project, reaching wider audiences with the developed training materials, and strengthening dissemination activities targeting students, farmers, and professionals working in the agricultural sector. The programme concluded with the presentation of certificates to the participants
